

1st Hampton Hill Summer Camp

Longridge Island

Late August saw 1st Hampton Hill's Summer Camp at [Longridge](#). This year was a 'Wet Camp' which meant that the group did a lot of work on water activity badges as well as the usual land based Scouting badges.

A list of activities includes but is not limited to:

Dragon boating, Sailing, Canoeing, Kayaking, Hiking, Map Reading, Animal and Plant identification, Climbing, Go Karting, Trail finding and others...

I have added some pictures below, but for the full set, please take a look at our Photos section of the website at this link: [Website Photo Page](#)
